Shaun will not return until Wednesday and Deb is out all next week. I'd prefer the quote come from Shaun (and Martin as a backup).

Go ahead and send the PR to Martin with the explanation that it is our intent for Shaun's attribution and he will be a backup and we want him to be comfortable with the quote.

I'll send the PR to Shaun for review, but I know he's off grid for a few days.

Since the publication date was pushed by 24 hours, we should be able to get Shaun's approval by early Wednesday morning.

Thanks for this. I just saw the update re: a Wednesday go date. I have attached the current draft CFAC release, with a placeholder for some HQ boilerplate. Still have yet to see a draft of the national release.

Not sure if you want to share this with Deb, Shaun and Martin as an update? Also, I need some resolution on the quote as Shaun has not reviewed. If there's a concern about his attribution then suggest that Martin get the quote.

Rich

Deb,

Short answer is yes. Rich and Robert have prepared the COMSTRAT and release for CFAP, and Laura and Cynthia are still coordinating the BPMD COMSTRAT and release with OPA. We [OCPI] are meeting early Tuesday morning to synchronize our engagements actions for both CFAP and BPMD with an anticipated 8 Sept publication date.

V/r

Subject: NPL Listing and Columbia Falls

I have not been in the loop on Columbia Falls Aluminum Plant (CFAP) for a while. I know when I was involved there was a lot of concern about the timing of the listing and a Superfund Alternative Approach. We stated that we were considering the company's request for a Superfund Alternative Approach and if a final NPL listing were to be made it would not be before fall 2016. Senator Tester's office has been very engaged and it is important that there be no surprises for his office or the community at large. I see CFAP is on the NPL listing slated for release next week. Is the communication strategy ready?

The proposed and final NPL rules were signed by Mathy Stanislaus this afternoon.

The NPL rules have been sent to the Federal Register office. The projected publication date is September 8, however, it is uncertain with the Monday holiday whether we will make that publication date.

Right now, issuance of the press release, congressional notification and web update with new site information is scheduled for September 6.

If any of these dates change, I will let you know as soon as I know.
